

AI GROW

Synergistic Nonantibiotics Growth Promoter (A proven formulation)
PRODUCTIVITY - GROWTH - HEALTH

AI GROW is a proven non antibiotics growth promoter with extraordinary formulation recognised by research scientist in various trials and practical study. The synergistic formulation of AI GROW has shown consistent result in Broilers, Breeders and Layers in terms of Bodyweight, Better FCR, Immunity, Diseases resistance, Protein Synthesis, Fat metabolism, GUT health, Optimum Egg production and overall health of the birds.

BENEFITS:

- Optimises FCR
- Reduces Mortality
- Increases dressing yield
- It improves feed digestion
- It enhances overall immunity
- Increases palatability of feed
- AI GROW increase feed intake
- Consistently maintains birds overall health
- Improves productivity of layer. Hatchability of Breeder egg
- Maintains GUT health and reduces pathogen colonisation
- Prebiotics and probiotics produces organic acids and Enzymes consistently in GUT
- Let the birds free from any stress during summer, medication and vaccination, etc

COMPOSITION:

NSP Enzymes, Amino Acids, Immune stimulants, Prebiotics, Probiotics, Herbal Anti - Oxidants and Phytobiotics.

DOSAGE

Broiler : 1 kg per ton of feed
Breeder and layer : 500 grams to 1 kg per ton of feed

NOT FOR HUMAN, CAT & DOG

ANIMAL FEED SUPPLEMENTS

THE PRODUCT IS FREE FROM CHLORAMPHENICOL, NITROFURAN, ANTIBIOTICS AND MELAMINE, BY-PRODUCT OF SWINE/BOUVINE AND ANY OTHER GENETICALLY MODIFIED ORGANISM.

Product of India

Manufactured and Marketed by

Biozona
